

**Project profile: Community Investment Grant Match Fund**

Report date: September 17, 2018

Project description and location

The Community Investment Grant Match Fund is an undesignated opportunity for the County to support a project that requires grant match funding. The goal for this project category is to allow future, yet to be identified projects to be supported by the 1A Community Improvement Program, whereby outside funding is secured through a third-party grant that requires a local funding match.

This opportunity allows future funding requests for projects across the County through the Board of County Commissioners. Presently, no projects or sponsors have come forward to request grant match funding.

Key partners for project

Lead partner for implementation: no project yet identified  
Current land/property owner: no project yet identified  
Long term maintenance/operations: no project yet identified  
Political or jurisdictional approvals: no project yet identified

Project status

Design stage: no project yet identified
