</table>
| A child (birth through two years of age) who currently lives in Colorado and one of the following apply:  
  • Child has a diagnosis that will likely result in a significant delay in development  
  • Child living with a parent with a developmental disability determined by Colorado Bluesky  
  • A child determined eligible due to a significant delay (>25%) in one or more of the following areas: adaptive, cognitive, communication, physical and/or social emotional development | Part C of the Individuals with Disabilities Education Act (IDEA) provides developmental supports and services to children birth through two years of age who have special developmental needs. It helps families learn ways to support their child’s development through services such as occupational, speech, physical therapy, or development intervention.  
  Services provided: developmental therapy, home visitation, family support, and free developmental evaluation |
| Children three to five years old are evaluated as a part of the preschool special education process. Eligibility determined if child has significant developmental delay in one or more areas: physical, cognitive, social/emotional, language or adaptive which prevents the child from receiving reasonable educational benefit from general education (having educational impact). | Part B of the Individuals with Disabilities Education Act (IDEA) evaluates children to determine if there is a significant delay or need for special education services. Evaluations conducted by Child Find teams are at no cost to family.  
  Services provided: developmental therapy |
| Children and youth with special health care needs from birth to 21 years of age living in Colorado, who have, or are at risk for, physical, developmental, behavioral, or emotional conditions. HCP has no diagnosis or income restrictions. Most services are free and no family is ever turned away due to their inability to pay. | HCP supports families to manage a wide range of questions, concerns and services for their child with special health care needs through:  
  • Information and resources  
  • Individualized care coordination  
  • Access to specialty care  
  Services provided: family support |
| Varies depending on specific grant for need and how many times previously assisted (housing counseling, bill payment assistance, financial counseling, Supplemental Nutrition Assistance Program (SNAP)) | Rent, mortgage, and utility assistance that directly pays delinquent accounts. Financial literacy education, housing counseling, Social Security representative payments and advocacy  
  Services provided: family support |
| Families of children with disabilities, youth with disabilities/self-advocates, and educators in Colorado and beyond. Family and professional support for any questions related to disability. An array of services are provided free to low-cost. | One-stop resource for disability information and referral ensuring that all people with disabilities are fully included in their neighborhood schools, communities, employment, and all walks of life. Services include local workshops, personal mentoring, yearly education conference, archived webinars on website, etc.  
  Services provided: family support |
