SPECIAL USE PERMIT
SUPPLEMENTAL INFORMATION
FOR MINERAL EXTRACTION AND PROCESSING OPERATIONS, CONCRETE BATCH PLANTS, HOT MIX (ROAD/ASPHALT) PLANTS

The submittal deadline is 2:00 p.m. on the 1st Wednesday of each month. Complete applications will be scheduled before the Pueblo County Planning Commission. Information on the specific hearing dates can be obtained from the Department of Planning and Development or online at http://county.pueblo.org/government/county/department/planning-and-development/planning-and-development under “Related Files”.

Notice of the public hearing will be sent to property owners whose property abuts or is within three hundred feet (300 ft.) of the exterior boundaries of the subject property, and may also be sent to property owners whose property abuts the proposed haul route(s). Notice will be published in the Pueblo Chieftain newspaper, and may also be published in other local newspapers serving the immediate vicinity of the proposed use, when that area is not regularly served by the Chieftain. Notice of the proposed special use permit will be posted on or near the subject property.

Per Chapter 17.140 of the Pueblo County Code, the Planning Commission considers the following factors in reaching its decision:

(A) Is the requested use listed as a Special Permitted Use in the zone district in which the parcel is located?

(B) Will the granting of the Special Use appeal substantially modify the Land Use Plan or the intent, purpose and spirit of the Zoning Resolution?

(C) Does the Special Use proposal incorporate reasonable means to create an environment harmonious with that of the surrounding properties?

(D) Will the Special Use adversely affect the public health, safety, or welfare?

NOTE: It is the applicant’s responsibility to provide clear, concise, and comprehensive information in the submitted application materials, in order for this Department to complete a thorough case review. Additional comments, evidence, and testimony from other agencies and interested parties may be entered into the public record, and included in the staff review. Applicants are encouraged to organize convenient public information sessions for landowners, residents, and other interested parties in the vicinity of the proposed special use permit, prior to public hearing. The applicant may obtain contact information of adjacent landowners through public records in the office of the County Assessor.
NOTICE: THE PUEBLO BOARD OF COUNTY COMMISSIONERS AND THE PUEBLO COUNTY PLANNING COMMISSION ENCOURAGE YOU TO TALK WITH YOUR NEIGHBORS REGARDING YOUR PROPOSED LAND USE OR ACTIVITY.

As a part of the processing of your land use application, notice of your proposed use or activity will be sent to all property owners within three hundred (300) feet of the property, a poster style notice will be posted on or near the property and a public notice will be published in the newspaper. The notice will briefly provide the time and date of the Planning Commission and Board of County Commissioners (when applicable) meetings or hearings related to your request.

The Pueblo Board of County Commissioners and the Pueblo County Planning Commission strongly encourage you to meet with the residents/owners in the area prior to these meetings or hearings to explain your proposed use or activity and to listen to concerns or suggestions the area residents may have. Such meetings may alleviate many concerns of the area residents/owners and may lead to a more efficient public meeting/hearing process.
CHECKLIST FOR COUNTY SUBMITTALS REGARDING PROPOSED LAND USE ACTIONS

The following checklist should be completed to ensure all submittals to the Division of Water Resources regarding proposed land use actions include the necessary information required by this agency. Please note that by statute, this agency has 21 days to respond to County submittals; therefore, please submit complete packet of materials with all supporting documentation and labeled exhibits at least 21 days prior to the date comments will be needed by. Incomplete submittals will be returned to the County for additional information. Sections A and B are to be submitted to State Engineer’s Office, 1313 Sherman Street, Ste. B, Denver, CO 80203. For Sections C and D: submit to the Division of Water Resources at 310 E. Abriendo, Ste. B, Pueblo, Colorado 81004.

☐ Name of proposed project: ____________________________

☐ Definition of proposed land use action (please select only one below)

☐ Cluster development as defined by §30-28-403, C.R.S.
  - Proceed to Section A (Below)
☐ Subdivision as defined by §30-28-136(h)(l), C.R.S.
  - Proceed to Section B
☐ Land division exempted from statutory subdivision process identified in §30-28-133, C.R.S.
  - Proceed to Section C
☐ Special use, zoning, or other land use action that does not involve a division of land
  - Proceed to Section D

Section A – Cluster Development

By March 11, 2011 memorandum from the State Engineer, this office recommended that all Counties forward land use actions that split parcels of land but do not involve the subdivision of land as defined in §30-28-101(10)(a), C.R.S., including cluster developments, for comment in any case where the land has an existing well(s) or permit(s) issued for construction of a well. In such a case, this office will inform the County that upon completion of the cluster development, the existing well owner(s) or permit holder(s) must re-permit the well consistent with a procedure outlined in Section 3, Attachment B of the State Engineer’s March 4, 2005 memorandum to all county land use planning directors, and summarized below.

No later than ten days after County approval of a cluster development, the County shall notify this office of such approval and shall provide a copy of the rural land use plan that includes the cluster development. The plan must include a copy of the survey plat that describes the entire land area associated with the plan, identifies the set aside open space area, and describes the residential lots within the land area. Additionally, the plan should include limitations imposed on water usage for each lot and for the development as a whole sufficient to demonstrate that usage in the development does not exceed one acre-foot of annual withdrawal for each full 35 acres in within the development. For example, a cluster development with seven lots on 150 acres contains four full 35-acre parcels. Therefore, four acre-feet annually is available to the lots in the development and split evenly among the seven lots, four acre-feet allows for 0.57 acre-feet annually per lot.

Section B – Subdivision
This section applies to any division of land considered by the County to be a subdivision, as defined by §30-28-136(h)(l), C.R.S.

☐ A plat map of the proposed subdivision with an identified location that includes a quarter-quarter, section, township, range and principle meridian (PLSS) – Please include as Exhibit A to submittal, and flag as such.

☐ Water Supply Information Summary, Form No. GWS-76 (incomplete forms may be returned to the County for additional information and may subject the submittal to further processing time) – Please include as Exhibit B to submittal, and flag as such.

Please thoroughly complete Form No. GWS-76. It should be noted that for Item 9, Estimated Water Requirements, standard water use rates used by this office, as found in the Guide to Colorado Well Permits, Water Rights, and Water Administration, are 0.3 acre-foot (97,755 gallons) per year for each ordinary household, 0.05 acre-foot (16,293 gallons) per year for four large domestic animals, and 0.05 acre-foot (16,293 gallons) per year for each 1,000 square feet of lawn and garden irrigation. Any incomplete GWS-76 may be returned to the county, which may subject the evaluation to further processing time. Particular attention should be paid to Item 10, Water Supply Source, to ensure a proposed source of water is included for each parcel of land involved in the subdivision. If the water supply source is a municipality or quasi-municipality, the applicant must provide a letter of commitment which references the subdivision name and the level of commitment in terms uses to be served and quantity of water to be supplied.

☐ Evidence of physical adequacy (please select only one below) – Please include as Exhibit C to submittal, and flag as such.

☐ Source is a municipality or quasi-municipality

A report is required to document the following:
- A summary of water rights owned and controlled by the municipality
- The anticipated yield of said rights in both an average and dry year
- The present demand on the municipality, and the anticipated demand due to commitments for service entered into the municipality that are not yet supplied
- The amount of uncommitted firm supply the municipality has available for future commitment and development
- A map of the municipality’s service area

Please note the SEO maintains files for various municipalities and therefore, this information may not be necessary. However, the SEO may request updated information from the municipality/applicant if the information on file has not been updated within 3 calendar years, or when the commitments reach a total that is approximately 90% of the firm yield.

☐ Source is wells

- Information to show the pumping rate(s) of well(s) will be enough to meet said demands and uses
Section C – Subdivision Exemption
This section applies to any land division exempted by the County from the statutory subdivision process identified in §30-28-133, C.R.S.
