**Project Name: Arkansas River Flood Levee Trail and Multimodal Connections**

**Funding Source:** Transportation Alternative Funds (TAP)

**Project: SR25079.082**

<b>Federal Program Funds:</b>	\$ 500,000
<b>State Matching Funds:</b>	\$ -0-
<b>Local Matching Funds:</b>	\$ 125,000
<b>Other Project Funds:</b>	<u>\$ 125,000</u>
<b>TOTAL PROJECT FUND:</b>	<b>\$750,000</b>

This project is to construct a 250' by 12' pedestrian bridge over the Arkansas River connecting the flood levee Trail with the existing Arkansas River Trail that extends Fountain Creek for 10-miles to the base of Pueblo Dam within the Lake Pueblo River Trails System.

**Project Name: US 50A Purcell Interchange**

STIP Number: SPB7004

Project Location and Description: West of US 50A Purcell Interchange widening from MP309.0 (West of Purcell Blvd.) Eastbound to 312.0 (West of Pueblo Blvd.).

Federal FY20 PWQ Program Funds:	\$3,146,020
State Matching Funds:	\$ 653,980
Local Matching Funds:	-0-
SB 267 Project Funds:	<u>\$37,000,000</u>
<b>TOTAL PROJECT FUND AMENDMENT:</b>	<b>\$40,800,000</b>

**Additional funding needed:**

The TIP amendment request above is to program funds for the balance needed for design and the construction of the project on US 50 and US 50/Purcell Interchange. The project is approximately 4 miles of roadway starting west of the intersection at Purcell Blvd. and will end West of Pueblo Blvd. The project will widen the roadway to three lanes in the westbound direction and provide a grade separated intersection at Purcell Blvd.

Project Name: **Bridge Construction of structure K-18-U -1-25 MP111.9**

STIP Number: SR26710.022

Project Location and Description: **Bridge reconstruction and maintenance**

Fund Source(s): **FY 2020 Bridge Enterprise funding**

Federal Program Funds:	\$
State Matching Funds:	\$2,971,300
Local Matching Funds:	\$
Other Match:	\$
<b>TOTAL PROJECT FUND AMENDMENT:</b>	<b><u>\$2,971,300</u></b>

**Adding Construction Funds:**

The Administrative TIP Amendment request above is to program funds for the balance needed for the construction of the bridge project located on I-25 at MP 111.9. This project has been designed in the last year and had minor repairs done in 2015.
