Subject: [External] NHI Contract Administration Core Curriculum 134077 (15 seats)
Date: Wednesday, February 12, 2020 1:54:06 PM

External email. Please use caution.

Good afternoon,

You can now register for the Contract Administration Core Curriculum training, offered from NHI. This course is being offered in Colorado Springs, which is a very rare occurrence, and is at a discounted rate of \$125/person. The 2-day course is scheduled for **May 4th and 5th, 2020** (NOTE: the website states the 5th and 6th, but I have been assured it is the 4th and 5th).

Access registration at this link:

https://www.nhi.fhwa.dot.gov/course-search?tab=0&key=core+curriculum&sf=0&course_no=134077

The training was developed to explain basic Federal-aid requirements; promote awareness of FHWA policy; facilitate familiarity with the newly reorganized, revised, and expanded CACC manual; and allow supervised practice activities using the manual to find information. By engaging in a variety of in-class exercises and case studies, participants become quite familiar with the CACC Manual and learn how to best use it as a daily resource.

Prior to attending class, all participants are expected to watch the Federal-aid Essentials video Stewardship and Oversight. This video is approximately 8.5-minutes long and can be accessed at www.fhwa.dot.gov/federal-aidessentials/.

Please let me know if you have any questions.

Thank you,

Lachelle Davis
R2 Local Agency Program Manager
