

**Pueblo County Health Standard and Safety Standards for Transportation of Children for Camps and Schools**

1. Drivers and passengers **must** wear face coverings at all times during transportation to and from the facility.
2. Buses shall be limited to 50% capacity or less if distancing requirements cannot be met. Campers and students must sit at least 6 feet from each other, unless they are from the same household.
3. Prohibit the use of the seat directly behind the driver.
4. During transportation, ventilation in the bus must be increased by opening windows when possible and weather permitting.
5. Hand sanitizer shall be available to for campers, student and drivers upon entering the bus.
6. Students and campers should be screened for symptoms when getting on the bus for transportation to the facility.
7. Vehicles used for transport shall be cleaned and disinfected after each use. This includes but is not limited to, seats, seatbelts, handrails, windows, and any other high-contact surface areas.
8. The bus driver and other employees must be screened for symptoms upon arrival to work and getting on the bus.
9. The names of the students and campers utilizing the bus service must be logged and available upon request by the Pueblo Department of Public Health and Environment to assist with contact tracing and case investigation in the case of an outbreak associated with the facility.
