

COVID-19 Guidelines*

Community General Public/Businesses/Schools	What to Do?	Priority Populations and Settings Healthcare/Hospital/Residential Care Facilities Correctional Facilities/Jails/Highly Mobile Populations Congregate Living/High Density Workplaces Early Childhood Education and Child Care
Required at-home isolation from symptom onset date or test date. If symptoms improve by day 5, fever-free for 24 hours without use of fever-reducing medication, may leave at-home isolation while wearing a mask for days 6-10 when around others. Complete 10 days at home if unable to wear a mask or do not meet criteria for isolation release.	Isolation (Positive Test or Symptoms)	Ten days at home for staff unless special circumstances exist. Residents are required to isolate in place for 10 days.
Only special populations (at-risk).	Case Investigation	Individual case investigation for at-risk groups. Some critical infrastructure business, high-density facilities, or where workers are in immediate proximity for extended periods of time.
Recommended for symptomatic individuals, individuals returning from at-home quarantine, and for screening purposes.	Testing	Dependent upon response level. Contact public health for further guidance.
May be optional depending on vaccination status, if you have recovered from COVID-19 in the last 90 days, or current COVID community level risk.	Quarantine (Exposure)	Required at-home isolation from symptom onset or test date. If unable to wear a mask around others or are immunocompromised you may have to stay home longer. Please call 719-583-4444.
Dependent upon positive case to identify and inform close contacts of exposure.	Contact Tracing	Facility will work with public health to conduct contact tracing and notification of exposure.
May be dependent upon community levels. Indoor masking highly recommended for high-risk or immunocompromised individuals.	Masking	Optional for those up-to-date with vaccines and boosters. Recommended for high-risk condition
Recommended to be up-to-date.	Vaccination	May be required.
