PUEBLO COUNTY
SINGLE AUDIT REPORT

FOR THE YEAR ENDING
December 31, 2020
INDEPENDENT AUDITORS’ REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Pueblo County Commissioners
Pueblo County, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Pueblo County, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise Pueblo County’s basic financial statements, and have issued our report thereon dated September 27, 2021.

Internal Control Over Financial Reporting
In planning and performing our audit of the financial statements, we considered Pueblo County’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.
Compliance and Other Matters
As part of obtaining reasonable assurance about whether Pueblo County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS’ REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Board of Pueblo County Commissioners
Pueblo County, Colorado

Report on Compliance for Each Major Federal Program
We have audited Pueblo County’s compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Pueblo County’s major federal programs for the year ended December 31, 2020. Pueblo County’s major federal programs are identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility
Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors’ Responsibility
Our responsibility is to express an opinion on compliance for each of Pueblo County’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Pueblo County’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Pueblo County’s compliance.

Opinion on Each Major Federal Program
In our opinion, Pueblo County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.
Other Matters
The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2020-001. Our opinion on each major federal program is not modified with respect to these matters.

Pueblo County’s response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs and corrective action plan. Pueblo County’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance
Management of Pueblo County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Pueblo County’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Pueblo County’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-001, that we consider to be a significant deficiency.

Pueblo County’s response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned cost and corrective action plan. Pueblo County’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.
The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Pueblo County as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise Pueblo County’s basic financial statements. We issued our report thereon dated September 27, 2021, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Pueblo County, Colorado (the County) under programs of the federal government for the year ended December 31, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following cost principles contained in the Uniform Guidance and/or OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, wherein certain types of expenditures are not allowable or are limited as to reimbursement, except for Assistance Listing 21.019, which follows criteria determined by the Department of Treasury for allowability of costs.

NOTE 3 - INDIRECT COST RATE

The County has elected not to use the 10 percent de minimus indirect cost rate allowed under the Uniform Guidance.

Award Period: June 17, 2020 - September 30, 2021
Type of Finding: Significant Deficiency in Internal Control over Compliance, Noncompliance, Other Matters

Criteria or specific requirement: 2020 Compliance Supplement requires that procurement of goods and services are made in compliance with the provisions of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and that no subaward, contract, or agreement for purchases of goods or services is made with any debarred or suspended party.

Condition: County purchasing office did not check the System for Award Management (SAM) for vendor disbarment or suspension prior to purchase or contract approval.

Questioned costs: None

Context: CLA sampled 5 of 13 vendors. No vendor sampled had been checked for suspension or debarment prior to purchase or contract approval.

Cause: Lack of internal controls over suspension and debarment procedures.

Effect: Potential that payment of federal dollars to vendor who is suspended or debarred from receiving federal dollars.

Repeat Finding: No

Recommendation: CLA recommends implementing systematic tracking process for verifying all vendors have been reviewed within the System for Award Management (SAM) prior to payment approval.

Views of responsible officials: There is no disagreement with the audit finding.

2020-001 Chemical Stockpile Emergency Preparedness – Assistance Listing No. 97.040
Recommendation: CLA recommends implementing a systematic tracking process for verifying all vendors have been reviewed within the System for Award Management (SAM) prior to payment approval.
Explanation of disagreement with audit finding: There is no disagreement with the audit finding.
Action taken in response to finding: Pueblo County’s current process is for any departmental contract to prepare a contract checklist. In order to correct the issue noted in the 2020 single audit finding Pueblo County will change the contract checklist to include the additional parameter of checking the System for Award Management (SAM) prior to contract approval for all grant related contracts.
This step will be completed by the Budget and Finance Office during the checklist process. The Budget and Finance Office is currently a user of SAM and will be able to utilize the system for verification.
The form will be changed through the County Attorney’s office and will be completed in the first quarter of 2022.
Name(s) of the contact person(s) responsible for corrective action: Ashley Huggins, Director of Budget and Finance
Planned completion date for corrective action plan: March 31, 2022.
