Discussion:

- **Welcome Team** – Thank you for joining us.

AGENDA ITEM: WHAT THE HEALTH DEPARTMENT DOES FOR THE CHILD FATALITY PREVENTION SYSTEM/HOW YOU, AS A PARTNER, CAN ASSIST US - JUSTIN GAGE

Discussion:

- The Child Fatality Review Team meets twice per year in Pueblo County to review and evaluate the deaths of children ages 0-18.
- Dr. Roberts Campaign/Video – find it on Facebook
 - He discusses current trends and prevention strategies that could be implemented to possibly prevent another death from occurring in the future.
- Hope to start a campaign series with letters
-

AGENDA ITEM: PREVENTION RECOMMENDATIONS – JUSTIN GAGE

Discussion:

- Ed (Mike) Slattery (Police Dept. SVU) - Focus on adverse childhood experiences; Child abuse
- Kindra Cox (CASA) has been contacted to do a story on suicide prevention.
- Ed says he may have some money resources.
- We are in the process of obtaining gun locks. Ed said that all new weapons already come with gun locks. We should provide them to the pawn shops to hand out when they sell guns.
- Justin suggested giving them out at the health department, but Ed said they will not come here to get a lock but should get one at the time of purchase.
- Fudge said we need to look for events to participate in.
