

REQUEST FOR QUALIFICATIONS

Project: Auditing and Consulting Services for Pueblo West MS4

Date: September 13, 2023

Summary

The Pueblo County Public Works is seeking Statements of Qualification from qualified engineering firms to provide on-call engineering services to the Municipal Separate Storm Sewer System (MS4) area within the area of Pueblo West. The services to be provided include auditing the existing MS4's compliance, managing, and consulting on a variety of engineering projects related to the MS4, in accordance with EPA federal guidelines and Colorado CDPHE regulations.

Scope of Services

The engineering services to be provided include:

- Auditing the existing MS4 program to ensure compliance with applicable codes and standards
- Issuing recommendations based on the MS4's audit to prioritize areas of concern.
- Providing consulting services on a variety of MS4 topics, such as stormwater management, erosion control, and sediment control
- Estimate of costs required to bring the existing area into compliance.

The engineering firms submitting SOQs must have the following qualifications:

- A proven track record of success in auditing, managing, and consulting on MS4 projects
- A strong understanding of EPA federal guidelines and CDPHE's regulations related to MS4s
- A team of experienced engineers with a variety of technical expertise in MS4s

Submission Requirements

The SOQs must be submitted in electronic format to karima@pueblocounty.us (kindly cc: Purchasing@pueblocounty.us in **all** communication) by 2:00 PM on October 5th, 2023. The SOQs must include the following information:

- A brief description of the firm's experience providing engineering services related to MS4s
- A list of the firm's key personnel and their qualifications
- A list of the firm's similar MS4 projects within Colorado
- The Company's Hourly Rate Schedule for personnel to be involved in this project.

** Company Hourly Rates may be used in the determination for award of the contract.*

Pueblo County Public Works will review the SOQs and reserves the right to request a Zoom presentation of shortlisted firms.

Additional Information

Pueblo County Public Works is committed to providing quality engineering services that meet or exceed EPA federal guidelines and Colorado regulations related to MS4s. The selected firm will be responsible for auditing the MS4, managing the MS4, and providing consulting services on a variety of MS4 topics. The firm will be required to work closely with the Public Works department, and other stakeholders, to ensure that the MS4 is in compliance with all applicable codes and standards.

Pueblo County is an Equal Opportunity Employer and attorneys who are minorities, disadvantaged, or women are encouraged to submit proposals.
