## **ADDENDUM NO. 3**

**COUNTY OF PUEBLO, COLORADO**

**RFQ No 26-14 - Design-Connecting Communities Trails Project**

**Date: May 22, 2025**

**What thse Change is being done to the current RFQ:**

### **1. Questions & Responses**

The proposer shall permanently affix this Addendum No. 3 to the RFQ packet so it will be submitted with the RFQ.

The undersigned proposer acknowledges receipt of this Addendum No. 3.

Received by: \_\_\_\_\_

Firm Name: \_\_\_\_\_

Address: \_\_\_\_\_

Date: \_\_\_\_\_

1. Does the County anticipate the need for any easements, or right-of-way? The RFP references right-of-way plans, but it appears that the corridor allows adequate space for the trail without obtaining easements. To what extent are the right-of-way plans needed?

**Response: Yes, ROW plans will be required to develop an easement for County maintenance of the trail.**

2. Does the County anticipate any environmental analysis or research needed along the corridor?

**Response: Yes.**

3. Can the County confirm what is required for the submittal? Section 4.1 indicates that email of the proposal is a separate option from hardcopy, but in Section 4.3, five hardcopy and a pdf on a cd/usb is required.

**Response: Please submit RFQ's via hardcopy PDF or USB.**

4. Is geotechnical engineering required for this project? Have geotechnical investigations been conducted along Medal of Honor Blvd that can be used for the multi-use trail portion of the project? Is there any geotechnical information from past projects along the west side of Pueblo Blvd. that can be used?

**Response: Yes, geotechnical engineering will be required for the SH-45 portion of the trail. Geotechnical reports were completed for the Medal of Honor Project and will be uploaded via Addendum #2. The County does not possess any geotechnical information for past projects in CDOT ROW.**

5. Can the County provide the figures from the planning document that show the proposed trailhead and mobility hub locations as indicated in Section 2.1, 2nd paragraph?

**Response: The figure will be posted under Addendum #2.**

6. The RFQ for the connecting communities project references a dropbox containing relevant information. Would you be able to share that with me? The RFQ mentions a planning document with Figures outlining the adjacent transit stops. Is this available to share?

**Response: Response: The figure will be posted under Addendum #2.**

7. Section 4.0 SOQ Submittal Requirements - Section 4.1 (page 11) Due Date, Time and Location indicate a "Via email: purchasing@pueblocounty.us" option for

delivery of the SOQ. Is this in lieu of the Four (4) bound copies and one CD or USB drive from Section 4.3 (page 12) Submittal Quantities? Please Clarify.

**Please submit RFQ's via hardcopy PDF or USB.**

8. Section 4.2 (page 12) Format indicates 30 single-sided pages and one page for a Project Timeline-Gantt Chart. Can the Gantt Chart be an 11x17 page size. And is the Gantt Chart part of the 30 single-sided page limit? Also, can an additional 11 x 17 page be used as part of the 30 single-sided page limit? Please clarify.

**Response: Yes, an 11 x 17-page size can be used for the Gantt Chart and the 30 single-sided pages. The Gantt Chart is not included in the page limit.**
